

FIREBIRD EVENTS

GPS CHALLENGE

GPS CHALLENGE

Using our technology, we have created a unique, interactive activity that facilitates a fun and engaging team event for your group with a competitive twist. Based around your chosen hotel, venue, city or location, we'll use a range of quick fire tasks and creative challenges that get teams working in groups of five-ten to win points. The live score board ranks your success and the team with the most points at the end of the game wins. Every event starts with an uplifting briefing from one of our experienced event managers. Each team will be supplied with a tablet loaded with the GPS challenge and location map. Navigating the map, they will then visit a series of 'hotspots' to unlock tasks, answer questions and complete challenges.

With a huge variety of content, the challenge is designed to keep teams engaged throughout with multiple choice questions, video challenges, creative photos to take, invisible tasks to locate, timed questions and music clips to identify. Points are awarded for correctly completing these tasks, with bonus points for accuracy! The live scoreboard updates throughout the game to keep everyone on their toes and ensure a certain level of momentum right up until the end of the game.

At the end of the event, we'll show the best photos and videos from the day in an entertaining finale* and award prizes to each member of the winning team. We'll also send you a link after the event with all the great content from the challenge for you and your team to enjoy time and time again!
