Lights, Camera, Action..... Welcome to the billion-dollar world of advertising, movies and music, extraordinary budgets, exotic locations and gorgeous people. We offer three different filming activities – 'MTV Video Awards', 'On Location' and 'Commercial Break'.

Provided with an HD camcorder and tripod, teams must script, direct and film their own very own television advert, music video or movie trailer. Each team is given a starting capital of £100m in client branded fun money. They must invest wisely in the creation of their masterpiece. Teams can purchase from a spectacular and professional prop and costume shop, or they can hire our genuine professional acting/directing and cameraman consultants in order to ensure that their short film wins the well-deserved Oscar award. After a briefing by our professional compere, teams will have approximately 2 hours to create their showcase. They can go anywhere they like – around venue grounds, out onto the streets or even in the bath tub!! It is entirely up to teams to work together to produce a great fun, high energy and impressive HD award winner.

Once all footage is finalised, teams brief our editing department and we professionally edit the movies pre-dinner. Within this package we also include an impressive Gala Awards Ceremony production package – starcloth draping, HD video projection, surround sound, an awards stage and dramatic awards and room lighting. During the awards ceremony our professional host introduces each movie, shown in HD between courses. Once the last film is shown we give out individual awards for the best script, actor, actress, best comedy moment, and prizes for each member of the Winning Film. After the event we provide a CD of each of the films. We would also be delighted to provide a DJ to finish off your event (at a small additional charge).

What Is Included: Site preparation and technical coordination with venue staff, health and safety risk assessment and presentation of any health and safety reports, humorous individual and team prizes, compere, professional consultants, prop shop with assistant, camcorders and tripods, starcloth set, lighting, sound and projection.
