**Our action packed treasure hunts are the best way to experience the many sites and attractions of a fascinating city, town or village. Each team will be provided with their team packs containing all the information they need and will be set on their way! An intriguing web of clues, cross-references, photo and video challenges lead the teams on their route, but time is running out**

## **The Challenge**

After a briefing from our compere the group is split into their teams. Equipped with their team packs teams depart from base camp and must decide upon a strategy of which challenges they are going to attempt first... Along the way they must complete a number of tasks including;

- Collecting a variety of 'scavenger' items
- Solving cryptic clues on route
- Completing photographic and video challenges
- Teams are marked on completing all of the above tasks and on finishing within the allowed time... points will be deducted for those that return late!
