# Challenge 100

***How many of the 100 challenges can your team complete within the time limit? It's fast, it's furious and there's no time for a tea break with Challenge 100.***

Team challenges include puzzle solving, boomwhacking, bell ringing, balloon modelling, trigonometry solving, cup stacking, beer mat flipping, giant dice building, mystery solving, etiquette relay racing, hand shadow making, jelly bean conversion scoring, blindfolded elephant drawing, domino rallying, sailor knot-tying, card pyramid building, play doh modelling, plate spinning, juggling, hula hooping, Lego tower building and LOTS more. To say there's "something for everyone" would be an understatement! Teams will certainly be fully challenged with creative, technical, mental, sensory, problem solving, general knowledge and physical team games and activities.

On completion of each team challenge, teams are rewarded with fun money. Activities are categorised in difficulty ratings and the more difficult the activity, the more fun money is awarded. So teams will need to decide on their strategy of quality versus quantity. Should they attempt to complete as many of the smaller team games as possible and earn their money gradually or spend more time working on the more challenging team building activities for a bigger pay out?

Time management, strategy and excellent use of all the individual team members' skills will be the key to victory in this fast-paced team building challenge extravaganza!
