

Virtual Beat The Screen

Beat The Screen

A remote activity with a difference. This unique challenge includes a 30-minute microbreak to encourage participants to get away from their computer and head outdoors to complete photo and video challenges.* Whether participants are at home or in the office, this activity is a great way to bring your colleagues together for 60 minutes of questions and challenges that will have them working together, being creative and getting some fresh air along the way. With three rounds to complete, the range of activities are the perfect combination to make sure everybody feels involved.

Following the briefing, teams head into their virtual breakout room for Round One where they put their heads together to solve a variety of cerebral and cryptic tasks. Round Two is made up of hands-on and creative photo and video tasks, where each player heads outdoors* on their own for 30 minutes to complete 6 tasks. Each player will score points for their submission which will count towards their team's final score, plus this is a great way to encourage a microbreak.

The third and final round has players regrouping for a 'Beat The Clock' series of questions, where they must complete as many trivia questions as they can before the timer hits zero! Our event facilitator will provide an entertaining wrap-up, presenting the best photos and videos from your event!

* players can choose indoor tasks if they prefer not to venture out.)
