

# Virtual Murder On The Train

# Murder On The Train.

You and your team have been transported back to the 1920s to solve a murder case onboard a long distance train travelling from Paris to Constantinople. Somewhere between Budapest and Belgrade, the murderer has struck and a body has been discovered.

Using augmented reality and the interactive map, it's up to you and your fellow detectives to scour the carriages for evidence and examine the witness statements to discover what happened that fateful night. You'll need to look out for hidden clues and complete a variety of challenges to help your investigation as you go!

This is a time-sensitive case and it's imperative that the killer is caught before the train reaches Constantinople! Will you and your team be the ones to solve this heinous crime?

One of our Firebird event managers will kickstart your investigation with a tense virtual briefing, giving you as much intel as possible about this grizzly murder. This is a time-sensitive case and the killer is still at large somewhere onboard...

You and your fellow detectives will then board the train in Belgrade and meet with the train guard to learn more about the passengers and the events of the night in question!

Working in teams of 4-6 players, teams must use the interactive map and augmented reality to scour each carriage. As they explore the train, they'll also need to examine witness statements, rule out suspects and complete a variety of challenges, earning points as they go. Using their own smartphone devices and video conferencing software, players are tasked with uncovering the evidence and finding out who was responsible for the murder as quickly as possible, all before the train arrives in Constantinople!

## Notes and Costs:

**Up to 50 guests:** £POA

**51 – 100 guests:** £POA

**101 – 150 guests:** £POA

**151 – 200 guests:** £POA
