

Robo Challenge

ROBO CHALLENGE

Robo Challenge is THE mobile robotic battle zone experience - bringing 'Robot Wars' to your event.

Led by the technical team from TV's Robot Wars, teams are tasked with creating and delivering a robot that can successfully take on the other robots in battle! Working together to engineer the ultimate fighting machine, teams must choose from a range of parts and components. Considering all features from motor positioning to wiring, you will need to strike the right balance between fittings and functionality.

Once all the robots are ready, it's off to the arena! Every member of the team gets a turn to control their creation, as teams go head-to-head to earn points in a 'Robot Wars' style combat game. There are no rules in this arena, so let the battle commence!
