# ICE SCULPTING

Our Ice Carving Masterclasses are not only fun, they are inspiring, creative and challenging! Perfect for corporate or private events, they encourage teams (working in pairs) to work together and communicate effectively, in order to produce their own masterpieces. It's a truly refreshing step out of everyday life, while enjoying a unique experience.

Each session will open with an introduction and safety briefing. Once everyone understands how to correctly handle the equipment, our head sculptor will start carving at the same time, explaining any challenges that they may meet and how to overcome them. This gives everyone an understanding of ice and its limitations.

As soon as they feel comfortable, the teams can start carving and if anyone needs help along the way, our sculptor will remain on hand offering expert advice and guidance. There are 8 different ice sculpture options for you to choose from including: penguin, snowman, stiletto, Christmas tree, male torso, female torso, horse head and sea horse (bespoke sculptures are also available upon request)

Each masterclass includes; instructors, water collection trays, a selection of ice chisels and protective clothing such as gloves and aprons. We can also provide water proof mats for the flooring if required.
