# WILLOW BIRD FEEDER MAKING

**Guests learn the artisan craft of willow weaving and make a natural bird feeder.**

Basket weaving has long been regarded as a wonderfully mindful and relaxing pastime. In this fun and practical workshop, we'll teach guests traditional basketry techniques and how to make a hanging energy ball holder for our feathered friends!

Hosted by our expert, guests will be guided through each step from making their own template, learning different basket weaving techniques and adding a handle.

At the end of the activity guests will take home a beautiful, natural, hand made bird feeder that they can place in their garden, or outdoor surroundings for their own 'Springwatch', or give as a gift.

**Benefits:** Connecting with nature, creativity, eco-awareness, learning new skills, mindfulness, morale boost, relaxation, self-expression, sense of achievement, shared experience, social interaction, stress relief, team bonding, wellbeing and fun!

**What is included:** Event host, instructors, all materials, tools, equipment and bags to take projects home.
