SCULPTURE.

A fun and creative model making event where teams express themselves through the medium of sculpture!

Teams design and create their own team sculpture to reflect their team, their work, the company, core company values, or something that fits in with the theme of the conference. Once teams have a subject in mind, they can then choose from a wide variety of media to create their masterpiece! Teams form their structure with wire before cladding it with plaster of Paris bandages, paper mâché, fabrics, cardboard, foam and recycled 'scrap'. Sculptures can then be decorated with paints, pens, sequins, embellishments and an abundance of knick-knacks, bits and bobs!

At the end of the activity, teams' sculptures will be displayed and presented to the rest of the group. Representatives from each team will describe what they have made and how it reflects their chosen theme.

This event can be held as a competition, with a prize for the winning team, or can be run as a collaborative event where the reward is for everyone to socialise whilst enjoying the 'gallery' together!

Benefits:

Communication, co-ordination, creativity, healthy competition, learning new skills, problem solving, sense of achievement, social interaction, team spirit, time management and fun!

Event Includes:

Event host and instructors, sculpting tools and equipment, craft materials, information packs, table covers, gloves, aprons and prizes!

Please note that your company will be responsible for taking the sculptures away at the end of the session.
