

Life Drawing

Life Drawing

Guests relax whilst learning the art of life drawing.

This sophisticated, practical workshop is suitable for all levels of experience. Each person will have the freedom to create their own artwork, learning from our art tutor and other guests along the way, so that the group can enjoy the shared experience of learning and expressing a new skill together.

Beginning with a lesson, our art instructor will give technical advice and demonstrations in key areas such as proportion, perspective, anatomy, line, gesture, shading and tone to help guests achieve their very own work of art. Guests then practise and perfect their techniques in preparation for their final drawings of our professional life model. The model can be clothed or unclothed.

Each guest will receive their own sketch pad so that they can look back over their progress throughout the class and can take this home with them at the end of the event as a souvenir of the day and a reminder of their achievements.

Event includes: Firebird professional art tutor, artist's easels for each guest, charcoal / pencil sets for each guests, artist's paper pads, professional life model and lots of fun.
