ART

MASTERPIECE

This team building activity is a stroke of genius! As a team you must release your inner artists and paint a masterpiece of epic proportions...

Split into teams of 6-8, each team must complete one section of the masterpiece. Not quite as straightforward as it seems, teams will need to collect information, blue prints and paints to complete their work of art.

With something for everyone, guests don't have to be artistic – but with a little creative flair, you'll be amazed what you can achieve. In addition to this, teams will also need to complete a series of mini trials. These tasks involve logical quizzes, puzzles, mental and visual challenges, and even some engineering.

This team build highlights the importance of teamwork, builds trust between and within teams, let's individuals focus on the 'bigger picture!', and helps sharpen problem solving, time management, organization and leadership skills.

At the end of the session the individual canvases will be joined together to create a renowned painting. At previous events the standard of the final artwork has been extremely high - most companies take their canvases away to be put up in their offices.
