

Raft Building (Various Venues)

RAFT BUILDING

Build a raft from scratch, trust your knots and race like the wind across the waves!

Raft Building is an exciting and collaborative activity which will test your initiative, problem solving abilities, time management skills and encourage co-operation and teamwork.

Perfect as a stand-alone event or in rotation with other land based activities, it's amazing what you can do with some plastic barrels, poles and rope. Once you've received all your materials, you must design a raft before building can commence! Four of your team must then to paddle their way round a designated course on the raft, before returning to base, where everyone helps dismantle it. Once disassembled you must together, as a team, race across the finish line.
